

Best Execution Report 2024 – Tavistock Asset Management

Retail clients are recommended our “discretionary managed model portfolio solutions” service via financial intermediaries (Financial Advisers).

The discretionary managed model portfolio service is currently available on 14 platforms. Therefore, all investment orders are sent to those platforms who in turn place the order in compliance with their own Best Execution policies. The platforms best execution policies can be sourced on their public websites. Information on platform availability can be found by using the following link - [Model Portfolio Availability](#).

Part 2: Monitoring and Review

We have entered into contracts with our trading partners in order to provide our service. Due diligence is conducted by both parties to confirm acceptance of the roles to be carried out.

We regularly assess the appropriateness of our trading partners to ensure compliance and undertake periodic monitoring to make sure that they continue to meet our requirements. This review is carried out at least annually or whenever a significant change occurs that we feel could affect our ability to continue to obtain the best possible results.

As clients are recommended our service via financial intermediaries, all clients are classed as Retail Clients.

All relevant staff are made aware of this policy to highlight and emphasise the importance of best execution.
